

Integrated Locality Services

Integrated Localities has been created to deliver a coordinated approach from professionals in each of the three localities on the Island; South Wight, North-East and West & Central. In these localities' health and care professionals, independent providers, voluntary and community groups work together to design an individualised approach to help a person remain in the community in which they live, helping to meet their emotional, physical and psychological needs.

Aims

- Support to improve quality of life
- Support to manage own health and wellbeing
- Support tailored to individuals need
- Support for people who sit outside of the traditional criteria of health & social care
- Reduce hospital admissions and emergency activity
- Reduce social isolation
- Improve safety in the home
- Promote & support independence within own home.

Attendees

- Locality Manager
- Community Nursing
- Adult Social Care
- Locality Therapies
- Community Mental Health Team
- Socials Prescribers
- Mental Health Practitioners
- Fire and Rescue Service
- Police and Community Support Officers
- Housing
- Living Well Service
- Representatives from the Voluntary Sector.

Frequency

Case Review meetings are held fortnightly for each locality via Teams, supported by MDT Co-ordinators, and facilitate communication and co-ordination between community staff.

Who can refer?

Anybody who identifies a person, who they believe would benefit from support from multiple services in a coordinated way.

If a direct referral to a specific team is identified, please complete a referral to that team in the first instance.

Please obtain consent, written or verbal, before referring to our team whilst explaining they'll be discussed with various services and agencies.

You'll receive regular updates on any progress made.

Referral Form

Our referral form can be found on the HIOW NHS intranet under **Integrated Localities – MDT (ILS) Meetings**
